

# Concept Mapping

A **concept map** is a visual way to organize your thoughts, make connections between ideas, and narrow the scope or focus of your research topic.

1. Start with your main idea / topic.

2. Ask related questions.

3. Add notes, key concepts, or phrases.

# Your Concept Map

Use this template to fill out your own concept map, or draw your own!

1. Main Idea / Topic

2. Related Questions

3. Key Concepts or Phrases
